South Fork East Community Development District

Natural Areas Policy Statement

The following is the policy statement of the District as it regards the natural buffer or environmentally sensitive areas that are scattered in large numbers throughout the Community. This policy statement is consistent with the policies of other governments including Hillsborough County and the State of Florida as it regards to natural upland and wetland conservations/preservations areas:

The natural areas are not intended to be maintained. These areas are to be left untouched to allow for nature to take its normal course. Any vegetation that dies or is damaged by storms or other “acts of God” is to remain in its existing configuration within these areas to fulfill its role in nature’s process.

Trees, within or immediately adjacent to these areas that have died and appear to pose a threat of falling and damaging an abutting property owner’s property may be addressed by the abutting property owner. The abutting property owner must initially contact the District Manager, Hillsborough County Development Review Division, and/or the Southwest Florida Water Management District (SWFWMD) to assess the threat. Any subsequent trimming and/or removal, if warranted/permitted by the appropriate governing entity shall be done at the expense of the abutting property owner. The goal is to prohibit or minimize disturbance to these areas.

In the event that a tree does fall onto another’s property, that property owner has the right to cut back or “limb” the tree, as necessary to their individual property line. The rest of the tree is to be left alone. Notwithstanding, removal of native vegetation within and immediately surrounding these areas is discouraged and may be restricted or prohibited by Hillsborough County, and ultimately the Southwest Florida Water Management District (SWFWMD) to protect the upland/wetland area or water body. Ultimately, except as noted above, no one is allowed to encroach into the natural areas for any reason, from maintenance to placement of personal property of any kind.

No boats or motorized crafts are allowed in any District-owned waterways with the exception of those approved for the operations and maintenance of these areas. Swimming is prohibited in all District-owned waterways.

South Fork East Community Development District

Policy on Damage to Common Areas

Causing damage to any Common Areas is prohibited.

Residents, their guests, visitors and vendors, and any other persons who violate this policy will be responsible for the cost of any and all damage and any legal action. The District may elect to suspend the use of access cards for the District's recreational facilities pursuant to the District's Recreational Amenities Suspension Policy until full restitution is paid for the damage.

Common Areas Maintenance and Erosion Policy

The Common Areas provide many benefits to the District including wildlife habitat areas, natural aesthetic views, wetland recharge areas, and stormwater drainage areas. The District maintains these areas in accordance with all applicable environmental laws and regulatory permits (in some cases these areas are not intended to be maintained and are left in their natural state).

If the District Engineer determines that erosion of the Common Areas is caused by a homeowner lot, the homeowner shall bear the responsibility to fix any issues. If the District Engineer determines that erosion of a homeowner's lot is caused by District owned property then the District shall bear the responsibility to fix any issues.

The District does not maintain private property within the community. Residents are prohibited from disturbing or altering the trees and vegetation in these areas without written permission from the District.

Parking Policy

All Patrons and visitors are required to comply with the following regulations that are applicable to District owned facilities.

1. No parking shall be permitted in the parking lot areas or Common Areas with landscape or other improvements within the District unless specifically designated.
2. No overnight parking shall be permitted in any District owned parking lot or Common Areas. Vehicles parked within any of these areas beyond the closing of the Recreational Facilities shall be subject to towing at the sole expense of the vehicle owner unless prior written authorization has been given. (Tow Company will be posted on applicable site signage.)
3. No District parking spaces shall be used for accumulating or storing building materials, trash, etc.
4. Double parking shall not be permitted in any designated District parking spaces at any time.
5. No parking shall be permitted in areas designated with yellow curbs or in handicapped parking spaces, unless authorized by permit.
6. A temporary overnight parking pass for a period not to exceed 3 days may be issued at the discretion of the District Manager or the Board Chairman.

THE RESTRICTIONS LISTED HEREIN ARE IN ADDITION TO, AND EXCLUSIVE OF,
VARIOUS STATE LAWS AND/OR COUNTY ORDINANCES.

South Fork East Community Development District

The policy statement is consistent with similar policies of other neighboring municipalities including Hillsborough County concerning temporary or seasonal decoration of public facilities.

1. All lights and decorations must be approved by the Board prior to placement on District property. A resident liaison must present their plans and assume responsibility for any damage to District property.

South Fork East Community Development District

Recreational Facilities Suspension Policy

The District has established rules and/or policies (the “**Policies**”) governing the use of the Recreational Facilities, Common Areas, and Natural Areas. Patrons who violate the Policies may be subject to warnings and/or suspension of their privileges to use the Recreational Facilities, including immediate suspension by the District Manager (or the Manager’s designee) or District employees (together the “**District Representative**”).

The District Representative shall record all violations of the Policies, including repeat violations, on written incident reports and shall include the date, time, name of the parties involved, and nature of the violation. The District Representative shall file such report with the District Manager within 24 hours of the incident. The District Manager shall maintain all records in accordance with public record laws.

In the event of an incident warranting immediate suspension for the failure or refusal to abide by the Policies, the District Representative shall ask the person to leave the Recreational Facilities immediately, inform them of the suspension and their ability to attend the next Board meeting where the length of the suspension will be discussed, and shall call local law enforcement for assistance if the person fails to comply with the request.

The Board shall determine the appropriate period of the suspension at a regular meeting of the Board. The Board will consider the nature of the conduct, the frequency of the violation(s), prior violations, and other relevant information before making a decision on suspension of the person’s privileges. Notice of the Board’s decision shall be delivered by an email, hand delivery, or by U.S. Mail. The suspended person may appeal the decision by attending a future Board meeting.

The suspended person may not use the Recreational Facilities until the suspension expires. The District Representative may call local law enforcement to report that the suspended person is trespassing if that person attempts to use the Recreational Facilities prior to the expiration of the suspension.

The District reserves all other remedies and rights it may have with respect to violations of the Policies, including but not limited to seeking restitution for damages.
